House concerts take place in your home with a bunch of your friends and a couple of musicians! Pick a date and make a list of those you think might enjoy an evening of music at your house. You might suggest that guests participate in a potluck dessert or snack bar, or a BYOB event. Set a ticket price or suggested donation, send out some invitations and then sit back and enjoy a concert in the comfort of your home with your friends for an hour or so. The musicians will take care of the rest usually, including bringing a small sound system and a ready-made show.

This is a cool and innovative way to create or build an arts scene in your very own community! Being a neighborhood or community arts supporter is something we are passionate about. We can guide you through the process if you haven't had your own house concert before.
